

Service

Children's author and actress Brenda Darnley Martin reads aloud from her books, *"Freddie Hector and Tish: The Treasure-Hunt Fish,"* and *"The Treasure-Hunt Fish and Miss Bernadette's Wish."* The books (appropriate for children ages 3—9), relate the life lessons of three young fish living in Old Tampa Bay, emphasizing issues such as positive self-esteem, diversity and personal safety.

The reading is followed by an interactive conversation and classroom exercises with the children, teachers and/or parents — exploring the lessons learned, encouraging and answering children's questions about the stories, the joy of rhyming and a peek inside what it's like to work as an author. Kids have fun, while learning that their own special and unique talents are the spice of life!
